

## **PRECAUTIONARY BOIL WATER NOTICE**

**Precautionary Boil Water Notice**  
**Issued: April 29, 2025**

**This notice applies only to properties connected to the Town's water system. It does NOT affect residents on personal/private wells.**

**Notice:**

Due to yesterday's thunderstorm, service at the water treatment plant was disrupted, resulting in a drop in system pressure. As a result, the Town of Astatula is issuing a **Precautionary Boil Water Notice** effective immediately.

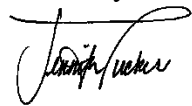

As a safety measure, we advise that all water used for **drinking, cooking, making ice, brushing teeth, or washing dishes** be **boiled for at least one (1) minute** at a rolling boil. As an alternative, bottled water may be used for these purposes.

This precautionary measure will remain in effect **until the issue has been resolved and bacteriological testing confirms that the water is safe for consumption.**

If you have any questions or need additional information, please contact Town Hall at (352) 742-1100 or Cody at Plant Technicians at **(352) 787-2944**.

We appreciate your cooperation and understanding.

Sincerely,

Jennifer Tucker  
Town Clerk
